◦ **Professional Experience**

Mike Myers brings to B. E. Smith more than 10 years of experience in healthcare in both rehabilitation hospitals and clinics, plus five years of retained executive search experience. Well-versed in marketing strategies for the recruitment of clinical and non-clinical healthcare executives from all sizes of hospitals and healthcare organizations, Mr. Myers recognizes unique characteristics within medical centers and works to meet the demands required by hospital management and healthcare systems.

Mr. Myers understands the priorities and focus of both for-profit and not-for-profit healthcare organizations, as well as the mission, values, and direction of faith-based institutions. He is knowledgeable of market trends within healthcare that affect the movement of professionals and the recruitment of those individuals, and is experienced in developing successful and complete marketing plans utilizing multiple forms of media.

Specializing in pharmacy, nurse managers and directors of med/surg, ICU, surgery, emergency, radiology, materials and facilities management as well as women's and financial services, Mr. Myers is eager to comprehend niche areas. His extensive knowledge and experience with publishing software and the development of marketing literature, only add to his successful background.

Mike Myers, while employed by one of the largest rehabilitation companies in the United States, created a successful background in physical rehabilitation, employee and corporate wellness programs, and development/management of revenue-generating ventures. He executed, managed, and successfully filled search assignments for hospitals and healthcare systems nationwide. His extensive experience interfacing with hospital executives along with a strong clinical understanding of the challenges faced in healthcare today, gives him a keen understanding of all components of healthcare search methodology.
